
Dipartimento di Scienza e Tecnologia del Farmaco
Scuola di Dottorato in Scienze della Natura e Tecnologie Innovative

Prof. Anders Liljas

Invited Professor to DSTF

Professor emeritus
Department of Biochemistry and Structural Biology
Centre for Molecular Protein Science
Lund University

Nobel Prize Committee for Chemistry 1995-1998, 2001-2008
Co-founder and Chairman of Board, SARomics Biostructures

Title of the lectures:

1. From a grain of salt to the ribosome. Nobel Prizes for crystallography

6th May h 12 Aula F C.so Raffaello 33

2. Ribosome structure and the mechanism of antibiotics action

9th May h 11-13 Aula F C.so Raffaello 33

Prof. Donatella Boschi

DSTF International Mobility Delegate
