

RESEARCH LECTURE

Microextraction techniques in sample preparation:
from «fundamentals» to real-word applications

Prof. Elia Psillakis

Technical University of Crete
School of Environmental Engineering

WEDNESDAY, JUNE 19, 2019

9.30-12.30

AULA F

CORSO RAFFAELLO, 31 - TORINO

Erasmus+

Program

9.30-11.00 Microextraction techniques:
fundamentals

11.00-11.15 Coffee break

11.15-12.30 Applications to real-worlds
samples in the enviromental field
